## 3 Complete Math/English Assessment Requirement

Math and English placement is required for all first-time students planning to take math and/or English courses. Testing is available on both campuses and results are valid for two years. See [www.oakton.edu/admission](http://www.oakton.edu/admission) for test schedules.

Waivers for placement tests are permitted under the following conditions:

English: A score of 22 or higher on the ACT English test (taken within the past three years) places a student into English 101 and provides an exemption from Oakton's writing test.

Reading: A score of 20 or higher on the ACT reading test (taken within the past three years) provides an exemption from Oakton's reading test unless the limited enrollment program requires the Oakton test for admission.

Math: Graduates planning to graduate from Glenbrook, Niles, Evanston Township, Northridge Prep, or Maine High Schools who have taken the ACT within the past three years are placed directly into a math course. All other students need to take Oakton's math assessment test.

If students have successfully completed math and/or English classes at another college/university, contact Advising and Counseling in Des Plaines (847-635-1741) or the Enrollment Center in Skokie (847-635-1400) to discuss the placement test waiver process.

## 4 Orientation and Welcome

Traditional Students (ages up to 20)  
Traditional-aged students are required to attend a New Student Registration and Orientation Workshop. Students will receive a letter informing them of the date, time, and location. At this workshop, students will meet with an assigned academic advisor, discuss placement test results, learn about support services, and register for classes. For more information, contact 847-635-1741 or [orientation@oakton.edu](mailto:orientation@oakton.edu). Completion of math and English placement is required before attending the workshop. Failure to attend a New Student Registration and Orientation Workshop will result in a hold restricting future registration.

## Adult Students (ages 21 and up)

All newly admitted adult students are responsible for reviewing the Adult Student information at [www.oakton.edu/starthere](http://www.oakton.edu/starthere).  
Meet with an Academic Advisor  
Make an appointment with an advisor by calling 847-635-1741 (Des Plaines) or 847-635-1400 (Skokie). Students may need to take the math and English placement tests or provide transcripts from other colleges and universities. An advisor can identify what documentation is required for registration.

## Adult Student Welcome

Connect with other adults returning to school, learn about adult student support services, resolve questions, and tour the campus.  
Des Plaines Campus, Room 1604  
Tuesday, August 16, 6 - 7:30 p.m.  
Skokie Campus, Room P103

## 5 Course Prerequisites Requirements

Some courses require prior skills or coursework. To register for a class with a prerequisite, students must submit proof by mailing or faxing an official or unofficial transcript to the Enrollment Center (fax to 847-635-1706). Provide your name, course information, and phone number or complete *Prerequisite Waiver* form. If the prerequisite is approved, an online override will be processed. Prerequisite information may be found in the College Catalog or online at [www.oakton.edu](http://www.oakton.edu).

## Course Withdrawals

You may withdraw from a class online or in person at the Enrollment Center. The last day you can withdraw from a 16-week class with a grade of "W" is October 16, 2011.

## Academic Transcripts

Official transcripts may be ordered online or by mail. All restrictive student record holds must be cleared before a transcript is released. Transcripts may be requested by mail or at [www.transcripts-inc.com](http://www.transcripts-inc.com). A form to mail in is available at [www.oakton.edu](http://www.oakton.edu). The cost is \$10 (usually received in five to seven business days) or \$20 for rush service.

A valid major credit card is required to order transcripts online. Orders require Social Security number or Oakton student ID, recipient's mailing address, student signature, and a \$10 processing fee.

## Attending Another Community College

Academic programs not offered by Oakton may be available at other public Illinois community colleges. Students interested in these programs may qualify for a lower tuition rate through college agreements and tuition chargeback processes. Applications are due in Oakton's Enrollment Center 30 days prior to the start of the other community college's semester.

## Military Service Policy

If a student withdraws from Oakton after the midpoint of the semester or session because of induction into or extended active duty with the U.S. armed services, the student may be awarded full academic credit for each course for which the student is still registered, provided the instructor is able to evaluate the student's attainment of the objectives of the course at the time and award an appropriate grade.

If this evaluation is not possible or if the student withdraws prior to the mid-point of the semester or session, the student will be given a complete refund of all tuition and fees paid and no academic credit.

A student who wishes to benefit from this policy must submit a copy of the induction notice and/or orders calling for extended active duty. Members of a National Guard unit or a reserve unit must be called to active duty in lieu of induction to be eligible.

## Financial Assistance

Financial aid in the form of grants, scholarships, loans, work-study and veterans' programs may be available to eligible students. The key to eligibility is to apply EARLY!

A full financial aid application is available through the Enrollment Center. Applicants are also required to complete the 2011-12 Free Application for Federal Student Aid (FAFSA). The FAFSA is available online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov).

Fall applications must be completed by May 1, 2011.

Direct inquiries to the Enrollment Center, Room 1260 (Des Plaines), 847-635-1708. Forms are also available in Room A100 (Skokie).

Veterans may be eligible for financial assistance toward their college education through the Department of Veterans Affairs and the Illinois Student Assistance Commission. Oakton's Enrollment Center will help navigate the process.

## IRS Tax Credit Programs that Help Pay for College

Under the American Recovery and Reinvestment Act (ARRA), parents and students may qualify for an education IRS tax credit to help pay for qualifying college expenses. The new credit modifies the existing Hope credit for tax year 2010, making it available to a broader range of taxpayers. The educational IRS tax credit is limited by the amount of your income and the amount of your tax. For complete information about education IRS tax credits, see the current versions of IRS Publication 970, Tax Benefits for Education, Form 8863, Education Credits, and Form 1040 or 1040A. Instructions are available at [www.irs.gov](http://www.irs.gov), or consult your tax advisor. Please understand the College does not provide tax advice.

Oakton students who paid tuition and fees for a degree program will receive a completed IRS 1098-T Form from Oakton, which may be used to claim the IRS education tax credit. This form will include tuition and fee information; scholarships and/or grants awarded to the student (if any). The IRS will also receive the same information for their records. In accordance with the IRS reporting requirements, the College will not issue a 1098-T form for noncredit classes or nonresident alien students, unless requested.
